

THE RESPECTFUL CATHOLIC RESPONSE TO POLITICAL ACTIVITY DURING THE LITURGY

Catholics across the country this Easter Season must be prepared to respond to our bishops request to use the liturgy and parish facilities to engage in political activity to strip LGBT citizens of equal access to civil marriage licenses at city hall.

Parishes across the country are respectfully standing up and publicly stating they will not participate in the bishops' campaign as it has no place in our liturgy.

If you should hear announcements or sermons during the liturgy about political activity, please do the right thing by standing up and respectfully reminding the celebrant or lector that the liturgy is no place for political activity -- regardless of the issue.

We pray this will not happen in your parish, but should it, we encourage you to keep this palm card with you and that you use the suggested response. (see back) Please be respectful and refrain from debate.

SUGGESTED RESPONSE

**With all due respect,
we have come
to celebrate Mass
and not be involved
in a political campaign.**

We are all God's children.

**Please do not mix our
Mass with politics.**

Thank you.
